

Reliable Empties Sorting

About us

ecs GmbH was founded in 2016 and has since established itself as a reliable partner for the manual sorting of empties. As an owner-managed company, we stand for reliability, quality, and efficiency in the logistics industry.

Our company headquarters in 57223 Kreuztal – centrally located in the heart of Germany – enables short distances, fast reaction times, and optimal connections for our customers from the beverage and recycling industry.

With a dedicated team and a clear focus on customer-oriented solutions, we support our partners in making their logistical processes efficient and sustainable. We combine many years of experience with high standards of service and quality.

Our services - Your advantage

At ecs GmbH, your requirements are paramount. We offer tailor-made solutions for breweries, beverage manufacturers, and recycling partners – individually adapted to your processes and requirements.

Thanks to our efficient processes, we guarantee fast and smooth processing – even with high volumes. We never lose sight of our goal: to ensure a consistently high quality standard.

We pay particular attention to the single-sort separation of empties – the basis for sustainable and economic return to the reusable cycle.

Rely on our experience, our commitment, and our flexibility – for a clean solution that works.
